WORK EXPERIENCE

Academic Support Center

Supplemental Instruction Leader

Responsible for planning, scheduling, and facilitating weekly study sessions for CSCI-141 students.

📅 August 2018 - Present

📍 Rochester, NY

Student Affairs at R.I.T

Orientation Leader

Responsible for facilitating the transition of a group of first year and transfers students representing multiple programs from across the university during New Student Orientation.

📅 August 2018

📍 Rochester, NY

PROJECTS

Ride Board API

github.com/ag-ayush/RideBoardAPI

A **RESTful** HTTP API developed for the CSH Ride Board application using **Python Flask**, **Flask-SQLAlchemy**, and **Flask-pyoidc**. The responses are produced in **JSON** format.

Ride Board

github.com/ag-ayush/rideboard

A web application developed for hosting large-scale events during which users would like to carpool in order to reach their destination. The app was built using the RideBoard1API, **Python Flask**, **Flask-pyoidc** and **bootstrap**.

Smart Shades

github.com/ag-ayush/smart-window-shades

A web service, written with **Python Flask**, **bootstrap**, **JavaScript** and **ajax**, that allows one to control their window shades. The physical shades system was built with a Raspberry Pi and a stepper motor.

Where should you work?

Link not available due to competition regulations.

Developed at ASA DataFest 2018, this was a **Java** application built to process datasets in CSV format. The application took the large dataset from Indeed and custom datasets found online as input to produce the states that would be the best for you to work in based on your job interest, experience, and other factors. Won best use of external data.

Lane Follow Bot

github.com/ag-ayush/lane-follow-bot

A small software program written using **Python** and **OpenCV** to detect white lines on green grass and then output which direction to move in order to stay between the two lines.

OBJECTIVE

Seeking a co-op opportunity in Summer/Fall of 2019.

EDUCATION

Rochester Institute of Technology

BS in Computer Science

BS in Computational Mathematics

Cumulative GPA: 3.8/4.0

📅 2017 - 2022

SKILLS

Proficient

Python

Flask

git

Java

Experienced

Linux

HTML

Familiar

MySQL

Bash

Bootstrap
